The Annual Service Plan includes:

Annual boiler service. Oil and Gas.

Free callouts to diagnose boiler breakdowns.

Don't miss out.

Sign up during May and have your own
boiler technician on standby.

Available in selected areas only.

Call 086 3484 991

Reliable & Local - Fully Insured - Fully Registered.

Established company with over 10 years expertise servicing and repairing boilers in Meath and surrounding counties.

NEW FROM ARNIE SERVICES LTD.

The Annual Boiler Service Plan.

BOILER SERVICE AND BREAKDOWN YEARLY COVER for only €150.00

What's included?

The agreement covers one complete Boiler Service and unlimited boiler breakdown calls during normal working hours (Mon – Fri 9am to 6pm, Sat 9am to 12noon) for 12 months. If calls are required outside normal hours then a discounted callout fee will be charged. The agreement operates from the 1st May to 30th April each year.

I will contact you each year and arrange the annual service on your boiler. In addition, if you're unfortunate enough to suffer any breakdowns during the 12 months of the agreement, I will call out to diagnose the fault at no additional cost.

Take the worry and stress out of a central heating breakdown. Have peace of mind that you're covered if you need help. Customers with the annual service agreement will receive priority.

Domestic Annual Service Plan: €150.00.

Annual Service Plans must be paid in a single instalment by debit card or bank transfer during the month of May.

Customers with boiler service plans can also avail of discounts on other services I carry out.

If you want to take up the annual boiler service plan at any other time the cost will remain the same and you will receive the benefits as soon as you make payment. The agreement will still expire the following April.

What's not included?

Any parts that may be required (other than nozzle and oil line in the case of an oil boiler service).

Callouts where no fuel is the cause. (It's easy enough to determine this before initiating a callout).

Issues not related to the boiler. If the breakdown is caused by the failure of another part of your heating system there may be a callout charge.
